Doctor Green:

Doc, I am inclosing the ones for you to take personally to Clarence Olsen and Duane Price, with the thought that It might give you an opening to suggest that -----" the attorneys are worried that we have too many stockholders, which may prevent us from going public, so we are forced to make a full disclosure"-----or something to that effect, so that perhaps you could buy them out. I would really like to get the stockholder list down to 15, so that perhaps if necessary, we could ~~add~~ a couple of big ones for some additional money if we get up against the wall.

Also, I'm inclosing one for Jess and Roy Buckner, with the thought that if you delivered them to them you could get Jess to take over his Dads. If he would, this would look better too. However, ~~don't~~ make it an issue.

My dear Sir:

I am enclosing the check for you to take personally to Chicago
Glen and then back, with the thought that it might give you an opening
to suggest that "the attorney was worried that we have too many
as a holder, which now prevents us from going public, so we are forced to
have a little assistance" concerning the stock, as that perhaps
you could say that I would really like to get the stockholder list
down to it, so that perhaps it necessary, we could find a couple of big
ones that were additional money if we put up against the wall.

Also, I'm enclosing one for Jess and Joy Buckner, with the thought that
if you deliver it then to them you could get Jess to take over his share. If
he would, this would be better too. However, don't make it an issue.

Yours
(I am yours)
